

Hello all in Foundation Music Classes at UCM.  
Music classes with Ms Jane, Saturday 28 March.

Well done Lucy (Musical Games), and Ruadhan (Musical Games) - I hope you are feeling better? Thank you for showing me all your new creations! I love your recorder Dylan (Musical Games)!

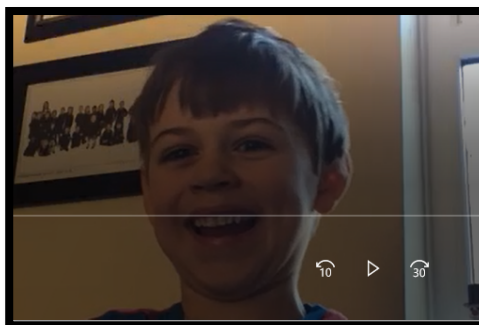

The mouth piece and the thumb hole at the back are great.

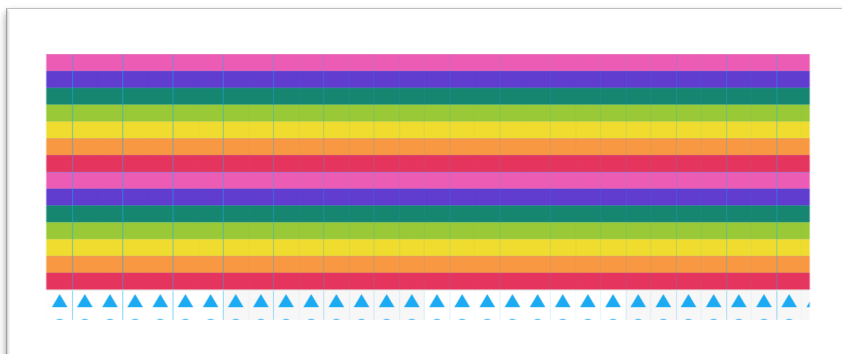

## Songmaker (click [here](#) to open)

<https://musiclab.chromeexperiments.com/Song-Maker/>

Click on the **instrument** at the bottom left - the picture in the circle changes.  
To make a sound, a **Pitch**, click on a coloured box (it will go white) then click on an empty box, then Play.

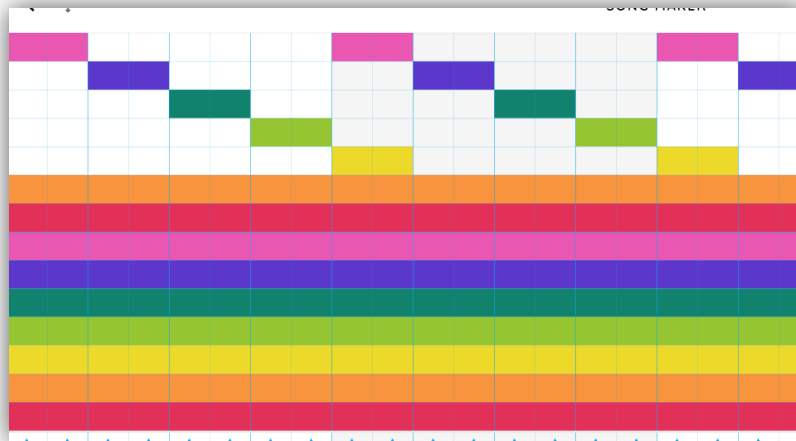

Here is an example, a fabulous coloured wall of sound!  
Click [here](#). Thank you **Hugo (Junior Music)**

Now, it's my turn (your turn soon)... Keep reading!  
This is what I did, to make a new composition (using Hugo's):

- 1) I clicked on the coloured boxes on the Grid (*click, hold and drag* along a single line of colour, to change larger sections).

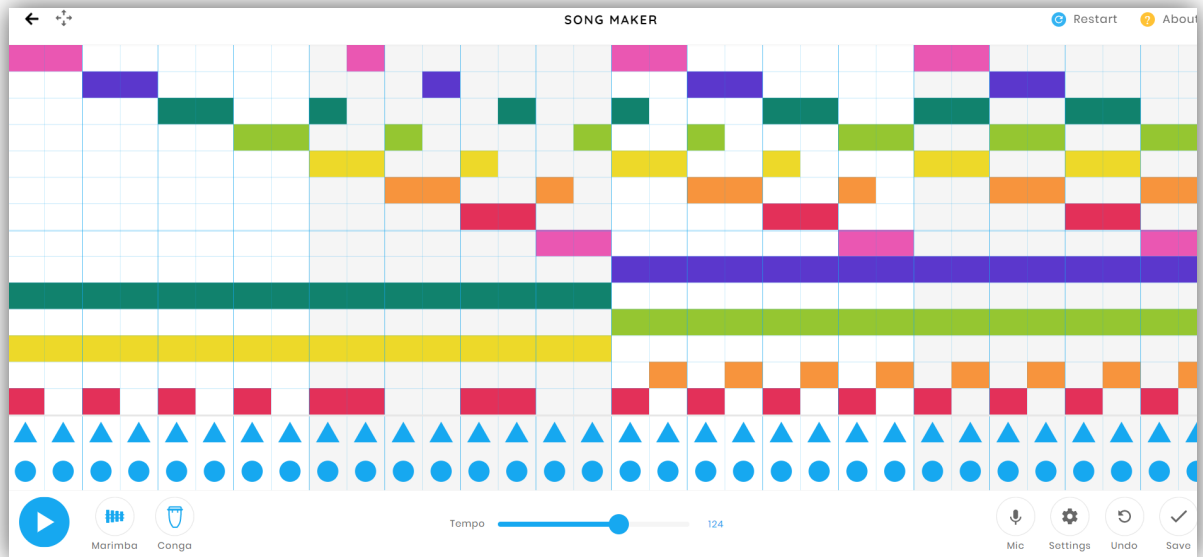

- 2) The bottom section of the Grid became a **stripy** pattern:

- 3) Listen [here](#) [Click on the word 'here'] - I decided to make the tempo slower. I used this button at the bottom of the page.

I then changed two more things:

- I slowed the **Tempo** down further, to **113**
- Then I had fun changing the **percussion sounds** (second instrument button, under the Grid).

I clicked on drum **KIT**, then changed the two rows of blue triangles and circles (using the same method as changing the coloured boxes).

Can you hear a difference? Click [here](#) to hear the final composition.

**What do you think?**
